Lindemannstr. 79

44137 Dortmund

Germany

By law and by custom every new car must also come with a model year attached to it. What a pity. Because every once in a while, a car comes along that is essentially timeless.

Timeless performance. The look is classic and elegant, but there's no disguising that the A8 Family stands at the forefront of innovation among premium luxury sedans. After all, the determined growl of a purposeful V8 will never go out of style. Nor the surefootedness of quattro® all-wheel drive.

Timeless technology. Shedding the weight of iron and steel, the A8, A8 L and the Limited Edition S8 point to the future of the automobile. The groundbreaking use of lightweight aluminum is everywhere, from the engine and suspension to the revolutionary Audi Space Frame (ASF®) and body panels.

Timeless styling. Whether you choose the A8, the spacious A8 L, or the consummate performance and control of the Limited Edition S8, you'll find that thoughtful luxuries abound. Like soft, organically-tanned Valcona leather, suede-like Alcantara® door inserts, and finely polished Walnut, Maple, or Sycamore wood inlays.
